

Record of Inquest

Following an investigation commenced on the 11th day of December 2016

And Inquest opened on the 28th day of November 2017;

At an inquest hearing at Coroners Court York on the 19th day of April 2018 heard before Mr J Heath Assistant Coroner in the coroner's area for The Area of York, the following findings and determinations were made:

1. Name of Deceased (if known)

Daniel William TOZER

2. Medical cause of death

- la **Ischaemic Brian Damage**
- b **Cardiorespiratory Arrest**
- c **SUDEP (Sudden Unexpected Death in Epilepsy)**

ii

3. How, when and where, and for investigations where section 5(2) of the Coroners and Justice Act 2009 applies, in what circumstances the deceased came by his or her death

Narrative; Daniel Tozer had autism, severe learning disabilities and epilepsy. On the morning of 21st September 2015 he was being afforded privacy in his supported living accommodation bedroom prior to getting up. His bed was fitted with an epilepsy sensor mat. When checked on by a support worker after approximately half an hour, he was found unresponsive. The sensor alarm had not sounded. He was taken to York Hospital where he died at 17.50 hours on 22nd September 2015. There was no evidence of neglect and Daniel Tozer died of natural causes.

4. Conclusion of the Coroner as to the death
